

## PowerDsine's 6000 Managed 10/100 BaseT Models - End Of Life Letter

### **End Of Life Notification for PowerDsine's Power over Ethernet 6000 Managed Midspan models**

June 25<sup>th</sup>, 2006

Dear valued partner,

This letter is to inform you that PowerDsine will be discontinuing the PowerDsine 6000 10/100BaseT Managed Midspan products by **October 31<sup>st</sup>, 2006**. Please refer to attachment A for detailed list of discontinued products and information on the replacement products.

In order to accommodate your continuing requirements, PowerDsine is offering you the following options for securing your future products needs:

1. **Product Migration:** PowerDsine is offering the PowerDsine 6500 as a replacement for the PowerDsine 6000 series. PowerDsine 6500 series offer the same functionality in compact design with enhanced remote management features, highly secured power management and life time warranty.
2. **Finished product purchases:** You may place non-cancelable, non-returnable (NCNR) last time buy for the products in attachment A by **September 30, 2006**.

This notice does not affect the PowerDsine PD-6024/AC, 6000G series (10/100/1000 BaseT series) as well as the 6000/ACDC Midspan products. Those products are expected to remain in production for the foreseeable future.

We value your feedback and we appreciate early communication for any questions or concerns you have regarding this product discontinuance. Please contact PowerDsine's Customer care: + 972-7755123, in the USA: + 1-877-480-2323 and we will do our best to help you with your transition.

Best Regards,

Galit Mendelson  
Director, Channel Marketing
